Scotchgard™ Paint Protection Film—Service Agreement Benefits

For five years after the Product Installation date, 3M offers Customer the following benefits for any portion of the Vehicle's paint that is covered by the Scotchgard™ Paint Protection Film: 3M will repair the Vehicle paint surface, including repainting the affected area if necessary, to the extent the Vehicle paint is (a) chipped or pitted by road debris, (b) scratched or (c) stained by salt, bird droppings, tree sap or bugs. 3M will coordinate such repairs with the Seller or a third party service provider and also arrange to reapply Scotchgard™ Paint Protection Film to the Vehicle. In order to be eligible for the benefits set forth in this section, Customer must keep the Vehicle reasonably clean through regular car washing and appearance maintenance as prescribed by their automobile manufacturer, and must promptly wash off salt, sap, bugs, bird droppings and environmental fallout. The Agreement Benefits cover factory paint and original manufacturer parts only (OEM).

By signing below, the Customer acknowledges having read and agreed to the additional terms and exclusions on the back of this document.
